

IEEE CIS SB NBKRIST 2025-2026

EVENT REPORT

EVENT NAME	: PYTHON PULSE
CONDUCTED ON	: 15-11-2025
VENUE	: OLD CSE CONFERENCE HALL
ORGANIZED BY	: 3 RD YEAR IEEE CIS MEMBERS
ATTENDANCE	: 120

DESCRIPTION:

IEEE CIS SB NBKRIST proudly organized **Python Pulse**, a comprehensive programming initiative aimed at enhancing students' coding skills and introducing them to practical applications of Python and robotics. The event provided a platform for participants to engage in problem-solving, programming, and automation, fostering creativity and technical confidence.

PyCode – Unlocking Python's Potential

PyCode was a hands-on programming challenge where students tested their logical thinking, coding proficiency, and algorithmic skills using Python. Participants solved real-time coding problems, optimized solutions, and applied Python concepts creatively. This event encouraged students to strengthen their programming foundation while preparing them for competitive coding and real-world applications.

BotForge – Crafting Intelligent Automation

BotForge focused on robotics and intelligent automation. Participants designed and programmed bots to perform specific tasks, applying concepts from AI, machine learning, and automation. The event fostered teamwork, innovation, and problem-solving skills, while giving students practical exposure to building functional automated systems.

The sessions were enriched by guidance and insights from distinguished faculty and guests:

- **Dr. G. Harinath Reddy**, Dean of Student Affairs
- **Dr. S. Suresh Babu** – IEEE SB Counsellor
- **Dr. K. Dasaradharami Reddy** – IEEE CIS Counsellor
- **Sri. D. Srinivas Rao** – IEEE ComSoc Counsellor
- **Ms. T. Sujilatha** – IEEE WIE Counsellor

The **Python Pulse** initiative successfully motivated participants to explore programming, develop technical confidence, and gain inspiration to innovate in the fields of Python programming and intelligent automation.
