The launch was followed by a certificate distribution ceremony, where individuals who significantly contributed to the development of the website were recognized and awarded for their hard work and dedication.

In addition to the website launch, the IEEE panel members announced the creation of domain-oriented groups aimed at enhancing the skills of IEEE members in specific areas of interest. These groups are led by team leads and coordinators who are experts in their respective domains. The team leads and coordinators conducted interactive sessions to provide awareness and guidance about their domains, offering valuable insights and encouraging active participation from the members.
